Elephant Camp is situated on a private concession just 10kms outside Victoria Falls and commands extensive views over natural bush. Located within the Victoria Falls National Park, the camp is close enough to the Falls that guests can enjoy the many optional activities available. Depending on the season, the spray can sometimes be seen in the far distance. 12 luxury canvas units are constructed using solid interior walls and concrete floors, but retain the romantic feel of a safari tent. Attractively appointed using earthy tones, each unit has glass windows and private decks with plunge pools. Elegant central areas feature a traditional colonial ambiance. As the colour fades from endless skies, sip sundowners on the wide viewing decks, before savouring the delicious dinners presented in style.

Elephant Camp guests get to meet the Wild Horizon elephants, and perhaps have lunch at the Lookout Café (on request). Selected in room spa treatments (additional cost) and a complimentary Victoria Falls shuttle are available.

The camp overlooks the area's only year-round water source available, and during the dry months, this is a busy hub, providing excellent "armchair" game viewing. Kanga offers a rich, African safari experience in a remote, unspoilt location. 4 Meru-style tents and 2 honeymoon/family units afford attractive accommodation with a classic "Out of Africa" ambiance and outdoor bathrooms. Ideal for quiet moments of tranquillity, private verandahs command picturesque vistas over the permanent waters. A large main lounge and dining area are located on the split level decking, overlooking the pan, with exciting views over the animals drawn to drink - the open design of the lodge allows guests to feel a part of the natural surrounds.
